

Our Top Garden Products

PREMIUM GARDEN MIX & VEGE MIX

Whether you want to rejuvenate an existing garden, or would like to create a new garden, our Premium Garden Mix soil is the perfect choice.

This soil is a blend of our **Landscape Mix, Soil Conditioner, & Mushroom Compost**. We can also add in one or both of our manures if you are adding this to your vege garden.

SPECIAL LAWN MIX

A blend of lawn sand, manure, and red loam. This mix is perfect for top dressing existing lawns or for planting of new lawns.

POTTING MIX

Composted screened pine bark, NPK fertilisers, trace elements & wetting agent.

MUSHROOM COMPOST (Genuine)

100% genuine spent mushroom farm compost. An excellent all-round soil improver and protective mulch for planting & feeding trees & shrubs as well as growing vegetables, exotic plants and flower beds.

SOIL CONDITIONER

Ideal soil improver for new vegie gardens or revitalising established gardens. This product must be mixed into your existing soil.

JUNGLE MULCH

Crushed pine slithers, wood fines, screened black soil and manures blended together. This mulch has more fines which gives a higher moisture-retaining feature.

KARRI & PEAT MULCH

Crushed jarrah & karri bark. A premium black mulch used in general garden areas.

MARRI WOODCHIP

Choose this brown, woody mulch for your garden to create a natural and well-tended looking space.
